VINITA, IND. TER., AUG. 11.

Official Paper of the City.

When the citizens of Indian Territory shuffle the political deck carpetbaggers will not be trumps.

The official vote on the treaty as shown by the count at Tahlequah today will be a glowing commentary on the intelligence of the Cherokee people.

Those sailors who deserted the President's yacht on account of poor food were evidently not accorded the same privileges as Booker Washington.

The presence of a professional juror lowers the dignity of any court of justice, and is a menace to the public safety which is supposed to rest in the courts.

There is nothing joyful in the approaching term of court to the bootlegger or joint keeper. They have had their innings, now justice will take a whirl at the game.

If the district attorney's office maintains the same ratio of convictions as shown by the last report, Leavenworth will receive a big bunch of territory boarders at the approaching term of court.

With self government the Indian Territory will become a veritable graveyard of political aspirations. The selection of officials by Washington and by the people of the Territory will be marked by their difference.

The lesson in economy taught the Cherokee farmer last year should save him money during the present prosperous times. There is no man who can afford to waste that which is given him in return for his toil.

"To the Muskogee Phoenix money moves type."—Ardmoreite.

With the above as a text the Muskogee Times has taken a hard fall out of the Phoenix for advocating the piecemeal addition of the Indian Territory to Oklahoma. The Times is right but should not expect anything else from that type of party organ. The territory is full of them. When not foisting a lot of disgusting rot dedicated to their political masters on a nauseated public, they are attempting to boom the schemes of a bunch of cheap politicians. From the usual tones emanating from the particular organ referred to the ebony digits of Sango are evidently thrumming the editorial keys.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Peoples and A. W. Foreman's drug stores. dw

A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success." Sold by Peoples' drug store. dw

Frank Seykora, a prominent merchant of South Omaha, Neb., who has been looking over the Territory for several weeks, returned to Vinita today and pronounces this city the most attractive as a business and residence city of any visited. Mr. Seykora will probably locate here.

Farming in Colorado, Utah and New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied lands. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests in this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A., Denver, Colo. tf
